WORK EXPERIENCE

Full Stack Developer

Lejhro Technology Pvt. Ltd.

October 2022 – December 2022

- Crafted and deployed websites using MERN stack and AWS, collaborating with team members.
- Designed and developed backend APIs with Node.js and Express.js for seamless data integration.

PROJECT EXPERIENCE

My Browser

January 2022

Designed in JavaFX, My Browser provides the same functionalities as popular browsers like Firefox. It includes a built-in game, "Bricks Breaker," which automatically launches when the user is offline and can be played at any time.

Airport Feedback App

November 2022

Developed the Airport Feedback App using the MERN stack, transforming the way passengers provide feedback on their airport experience. Users can rate various aspects and share comments, empowering administrators to identify areas for improvement and enhance the passenger journey.

Drunken Bytes | Product & Credentials NFT Platform for Business

May 2023

Led the development of Drunken Bytes, a revolutionary MERN stack application with Next.js, enabling businesses to create unique NFTs for products and digital credentials. This platform ensures secure asset management, tamper-proof verification, and increased value, leveraging blockchain technology to transform digital asset management and customer engagement.

COURSE EXPERIENCE

The Complete 2023 Web Development Bootcamp

Udemy

June 2023

- Acquired proficiency in HTML5, CSS3, JavaScript, Node.js, Express.js, MongoDB, React.js, and Git.
- Applied course knowledge to create various basic web projects with HTML, CSS, JavaScript, and Node.js.

LEADERSHIP EXPERIENCE

Shri Hari Ram Saboo Public School

Head Boy

Jaipur
April 2016 – February 2017

- Ensured each house captain is performing their duties truthfully and student's voices are heard.
- Assisted and handled many school events like Independence Day parade, school fest, etc.
