PROFESSIONAL SUMMARY

Passionate and dedicated Associate Software Engineer with 1 year of experience in developing and maintaining backend functionalities using Django. Proven ability to design and implement robust APIs, optimize system performance, and enhance overall functionality. Skilled in establishing project foundations, organizing structures, and ensuring seamless integration across platforms. Recognized for exceptional contributions and awarded for outstanding performance. Proficient in Python, JavaScript, and modern tools and technologies. A proactive problem-solver who thrives in collaborative environments and actively engages in Learning and Development initiatives to foster growth and innovation.

SKILLS

- Languages: **Python, JavaScript, HTML, CSS**
- Frameworks: **Django**
- Version Control: **Git**
- Platforms: **GitHub, Bitbucket, Postman**
- Project Management: **JIRA, Notion**
- Databases: **MySQL, PostgreSQL**
- Cloud Services: **AWS EC2**, **AWS S3, AWS Amplify**
- Containerization: **Docker**

WORK EXPERIENCE

Associate Software Engineer   *July 2023 - Present*
AurigaIT   *Jaipur*

- Spearheaded the development and maintenance of backend functionalities using Django, ensuring robust and scalable solutions.
- Designed and implemented APIs to enhance system capabilities.
- Established the foundational structure for projects, meticulously organizing folders and configuring initial settings.
- Developed features to streamline internal operations and boost efficiency.
- Contributed to Learning and Development (L&D) initiatives for continuous improvement.

PROJECTS

STITCH MES   *October 2023 - Present*

- Optimized existing reports, achieving a significant 30-40% improvement in performance, resulting in faster data retrieval and processing.
- Refined the code base, enhancing efficiency and maintainability, leading to reduced technical debt.
- Improved PDF generation processes, resulting in a 20% faster and more reliable output, streamlining document handling.
- Enhanced the overall functionality of the system, adding value and improving user experience.
- Optimized database queries, boosting system speed by 10-20%, ensuring quick and efficient data access.
- Ensured proper resource utilization, leading to better performance and scalability, supporting future growth.

AurigaONE *August 2023 - October 2023*
- Laid the groundwork for the project's architecture, establishing a solid and scalable foundation.
- Developed and maintained APIs, ensuring seamless integration and functionality across various modules.
- Implemented numerous features that facilitated smoother internal operations, contributing to a more efficient workflow.
- Designed and set up new functionalities, resulting in a notable increase in operational efficiency and effectiveness.
- Played a key role in shaping the overall project architecture and design, ensuring a cohesive and robust system.

KEY ACHIEVEMENTS
- **Star of the Month Award** - Recognized for exceptional performance and contributions in September 2023, demonstrating outstanding dedication and impact on project success.
- **Youngest Star Award 2023** - Honored at the AurigaIT Annual Award Ceremony for being the youngest team member to make significant contributions and exhibit remarkable potential throughout the year.

EDUCATION

Swami Keshvanand Institute of Technology **Jaipur**
Bachelor of Technology (Hons.) *August 2023*
- CGPA 8.83

Subodh Public School **Jaipur**
Senior Secondary School Certificate *May 2019*
- 78%

Shri Hari Ram Saboo Public School **Jaipur**
Secondary School Certificate *May 2017*
- CGPA 9.6
